CLASSROOM Update

April is another busy month in grade one. Please ensure that you have all permission forms in for our various events this month!

FRENCH LANGUAGE ARTS

Our home reading program will continue to the end of the year. Once your child completes the whole activity log please let me know and I will send home another. If you are looking to do more activities for home reading there are many suggestions on the last page of your child's workbook.

We have been learning different reading strategies from Charlotte la Chenille (Charlotte the Caterpillar) and we have been using these when we get to words we don't know. Ask you child to teach your these strategies during your home reading time.

Math

We continue to look at addition and we will also be learning about subtraction this month. We will study the relationship between addition and subtraction.

Ask your child to show you the different ways to solve and addition or subtraction problem.

We will also begin looking at estimation and how to estimate a quantity using a referent.

science

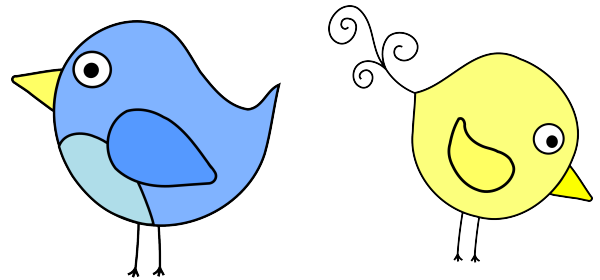

We have finished learning about our five senses. There were many fun experiments and we learned a lot! We are now focusing on the seasonal changes of spring.

social studies

A note went home about our new Inquiry project we are embarking on. Students are asked to take pictures of their community and upload them to their Google Drive folder. If you have any questions regarding this project please let me know.

rick mercer

As I'm sure you know, Rick Mercer was at our school in March because we were the elementary school that raised the most money for Spread the Net. It was a very exciting day for all! We were very fortunate to have a class picture taken and this will be sent to everyone. As well, the episode of Rick Mercer Report featuring our school is scheduled for April 1st, at 8pm.

Monday	Tuesday	Wednesday	Thursday	Friday
	1 Fine Arts Day Rick Mercer Report - 8pm	2	3	4 Pizza lunch
