CLASSROOM Update

Although December is a shorter month at school we have a lot happening this month. Please check the calendar for a full list of events.

BEAR INQUIRY

We are finishing up with our bear inquiry unit. We really enjoyed learning about bears and sharing our questions and answers with the class. If you still haven't sent in your question you are more than welcome to do so – we look forward to hearing it!

Math

This month we will begin to look at addition. In order to be successful at addition we are really focusing on the skill of subitizing – being able to recognize a number of objects without counting. We will also be learning many new card games that we can't wait to go home and teach to you!

I hope everyone has an enjoyable and relaxing break. Merry Christmas and a Happy New Year!

Mme Gillian Lowell
