

## Story Re-Tell

Parents use the following when doing the story re-tell- especially on Raz Kids so I can hear. Your child needs to say and complete...

“ The title of the story is ...

The character(s) of the story is/are ...

name/boy/girl/truck etc. The setting of the story is (time/place/both).

First, ...

Next,...

Then ...

Last or in the end...

They need to give as much information in sequence as possible (juicy, using key words, quotes etc). This retell indicates their level of comprehension- their reading level, it is not just reading the words within the text. You may need to model first before your child echo's.
