- May has been a great month of celebration. Musicfest was a great show with our students singing and dancing like pros. And our Volunteer Tea had a nice turn out.
- School Education Plan and Budget has been submitted and we should see them on the website by the fall.
- Homeroom teachers are allocated from a central Allocation formula and we have been 6 Kindergarten classes of about 20 students each and 20 Gr. 1-4 homeroom classes. The largest classes are in Gr.4 with 30 students per class. These numbers may change in the fall, but additional teachers will not be allocated until then.
- We are able to maintain the support we presently have in terms of assistant time.
- Class lists have been finalized and this information will be sent out by mid June.
- June also brings the final Fire Drill (we hold 6 per year), Gr. 4 Talent Show, Calaway Park and Tug o War. K graduation and new K orientation. Several field trips, including rewarding our Friendly Helpers with a trip to the Wave Pool.
- August 31 Open House - meet the teacher 1-3pm
- Alberta Ed had removed mandatory FSL from the curriculum for grades 4 to 9 however, Rocky View will continue the programs
- And finally, thank you to our School Council Exec. And to all the parents who come to council. You are a terrific group to work with and our students and staff benefit greatly from your work.

4. Teachers' Report Trish Cull

- The last 2 character focuses for the year were empathy in May and cooperation in June. Slowing down to think about others and consider a walk
- EEVE School Council Agenda – June 1st, 2016

in their shoes as well as the value of working together as a team are great reminders for all of us and fit nicely with the performance themes at MusicFest.

- Music Fest was a huge success as always. Thank you to everyone for coming out to the Jubilee to celebrate art and music. What a fantastic opportunity for our kids to perform in a world-class venue for their friends and family.
- The last of the groups are swimming this week and next.
- This is field trip season. Although we thank school council through the year for supporting these exciting opportunities to experience curriculum in real life context, please know that at this time of year we are especially thankful. When we reflect on the year and consider all that school council and Friends of Elbow Valley have made happen for our students, we are especially grateful. The Kindergarten classes will be going to the Science Center. The grade ones are heading to Harmony to learn about building a community and to Bow Valley Provincial Park to culminate their science unit on birds and nature. The grade two classes have several in school field trips planned this month. These activities enhance a variety of curriculum connections related to science. The grade threes are going to the zoo and the grade four students have lots to look forward to. The annual talent show is set for June 17. Students are busy practicing for auditions for this popular showcase. The friendly helpers are rewarded for their leadership efforts with a trip to the wave pool. They will also go to Calaway Park for a well-deserved day of fun and are preparing for the much anticipated tug-of-war where they will attempt to take on Mrs. Barrington's team for her final tug-of-war.
- The May 20th Professional Learning day was a busy one. There are several exciting initiatives are taking shape and moving forward. We spent some time working on the transformation of our Library to a Learning Commons. This included some hands on tinkering with Lego as we consider the possibilities of a MakerSpace. The Kindergarten teachers shared their student blogs, which we hope to build on each year creating fabulous digital portfolios to document student learning throughout their elementary years and we continued our work on literacy, reflecting on student progress through classroom and Learning Support interventions. This work is never done as we constantly look to improve our practice based on our own experiences and current research with the support of the Rocky View Literacy and Numeracy initiative.
